	Global Material & Chemical Compliance Declaration	Date: July 16, 2026

This declaration is based upon supplier certifications and material information available to Quantum Composers at the time of issuance. Quantum Composers does not routinely perform analytical testing for these substances unless otherwise required.

5. PFAS Declaration

Quantum Composers declares that, to the best of our knowledge and based upon supplier information, our products are not intentionally manufactured using Per- and Polyfluoroalkyl Substances (PFAS). This declaration is based on supplier certifications and currently available material information.

6. EU POP Regulation

Regulation (EU) 2019/1021 about persistent organic pollutants (POPs) deals with the protection of human health and the environment against these substances by a preferably early elimination of production or accordingly by the limitation to a minimum regarding manufacturing, placing on the market and usage of these substances. Furthermore, the regulation defines provisions about waste which consist of these substances, in which these substances are contained, or which are contaminated by these substances.

Quantum Composers declares that our products comply with Regulation (EU) 2019/1021 regarding Persistent Organic Pollutants (POPs). To the best of our knowledge, products supplied by Quantum Composers do not intentionally contain substances restricted under the Regulation.

7. California Prop 65

Quantum Composers Inc. declares that, to the best of its knowledge and based on information provided by its suppliers, the products manufactured and supplied by Quantum Composers Inc. do not require a warning under the California Safe Drinking Water and Toxic Enforcement Act of 1986 (California Proposition 65).

Products are not knowingly manufactured with chemicals listed by the State of California as causing cancer, birth defects, or other reproductive harm at levels that would require a warning.

8. Regulatory Information

This declaration is based upon information obtained from suppliers, component manufacturers, engineering records, and internal manufacturing documentation. Quantum Composers does not routinely perform destructive chemical analysis unless specifically required by customer contract or applicable regulation.

This declaration applies only to products supplied by Quantum Composers, Inc. in their original manufactured condition. Any modification performed by a third party may affect regulatory compliance and is outside the scope of this declaration.

This declaration is valid until superseded by a later revision.
